

How to Sell Your Left Over Girl Scout Cookies

With Booth Sales canceled for an undetermined amount of time, now is the time to get creative with the ways you get rid of your troop's cookies!

Check out these ideas for some cookie selling inspiration.

- Contact pre-order customers and ask them to purchase more. Let them know delivery will happen when it's safe.
- Call Family and Friends and see if they would like to buy some Gift of Caring cookies.
- Post on your private social media groups that you have cookies for sale and customers can make promises for future delivery.
- See if customers or businesses will buy by the case with promise of future delivery.
- Start thinking of summertime booth locations once we are allowed to have social interactions.
- Come up with ideas for summer time booth sales, like a Cookie Drive-Thru in a big parking lot!

*****We are aware that some of these ideas may bend the normal rules of the cookies sale. We have made this decision only because of the current circumstances with COVID19.*****
